More information on www.hhea.info.

Hand Hygiene Excellence Award

The Award is conceived as a platform to identify, recognize, honour and celebrate those hospitals and health care work groups who have contributed to improving patient safety through their excellence, enthusiasm and innovatory methods. A unique process has been developed for the awards. The chairman Prof. Didier Pittet (director, infection control programme and WHO Collaborating Centre on Patient

Demonstrate your excellence in successfully reducing HAI rates by implementing a Hand Hygiene Programme.

Applying hospitals demonstrate sustainability in:

- increasing hand hygiene compliance
- reduction in infection rates
- increasing handrub consumption
- consumption of liquid soap

by providing data for a period of at least three years.

Safety, Lead Adviser, Clean Care is Safer Care programme, University of Geneva Hospitals & Faculty of Medicine and WHO, Geneva) as well as an international panel of leading infection control experts are evaluating the candidatures and assess the finalists during a visit in the hospital in order to elect the winning hospitals.
